The test will be a series of questions based on the topics they have studied this year such as, **The Solar System, Particles, Living Things and their Environment, Forces, Reactive Chemistry** and the How Science Works or practical aspects of the subject.

Your child can use the websites listed below as part of their revision:

[www.educake.co.uk](http://www.educake.co.uk) (this can be accessed using your child's school login details)

<https://www.bbc.co.uk/bitesize/levels/z4kw2hv>

<http://www.docbrown.info/ks3science.htm>

<http://www.ntscience.co.uk/powerpoint/index.html>

It is important that revision activities are active and not simply reading through information. Making mind maps/revision flash cards are a good way to start revising.

If your child is absent for any reason on the day of the assessment, they will be asked to complete it in their next Science lesson.

Any questions please contact your child's science teacher in the first instance.

Yours faithfully

Mrs Pauline Forbes
