

## Faringdon Community College Weekly Update 12 March 2026

### SLT Weekly Message

The FCC students have been benefitting from a range of performances over the last couple of weeks. The FCC Frozen production delighted audiences with the enthusiasm and talent of the performers. Year 11 students have also enjoyed an in-school performance of Macbeth this week, helping to bring the curriculum to life and deepening their understanding of the play. In addition, a group of Year 7 students visited the Barbican to experience a performance by the London Symphony Orchestra. Opportunities such as these give pupils the chance to gain new perspectives, share enriching cultural experiences, and develop the social skills associated with the performing arts.
