

EXTENDED PROJECT QUALIFICATION (EPQ)

Examining Board
AQA

Link Tutor
Mrs R Heath

Course Content

The Level 3 EPQ allows you to create a piece of work of your choice, possibly related to your A Levels and can be a stand alone qualification. UCAS recognise it as half of an A Level. Examples:

- Art and design exhibition
- Investigation or study
- Performance – music or drama
- Artefact – model or construction

By studying for an EPQ you will develop skills in critical thinking, report writing and project management. It shows that you are capable of independent learning and is an important asset when writing your personal statement or attending interviews
