

FARINGDON
COMMUNITY COLLEGE

RESIDENTIAL VISITS

2025/2026

Faringdon Community College is proud to provide students with a wealth of visits to enhance their curriculum and support their learning. The opportunities we provide are intended to further student interest and widen their experiences. Visits may take place during school time or outside the normal school day and residential visits are run during both term time and the school holidays.

Participation in residential activities is closely monitored to avoid disruption to academic studies. Some of the visits will, inevitably, incur a cost, however there are systems in place to help support and plan for these costs which will be highlighted when students are invited to attend trips.
